

Accident Defense

Thorpe Shwer attorneys defend personal injury, wrongful death, and property damage claims arising from a wide variety of situations, including routine accidents and complex cases involving catastrophic injury or death. We understand that every claim is different, and a successful defense requires both a keen understanding of our clients' businesses and the laws and regulations that govern their activities. Our attorneys work with transportation industry clients large and small to develop and implement a comprehensive plan of action, from pre-litigation investigation and evidence preservation to implementing a strategic defense through discovery, trial, and appeal. We have harnessed our in-depth experience to obtain defense verdicts, summary judgments, and favorable settlements for our clients in jurisdictions throughout the United States.
